Dear Children,

Your unbounded enthusiasm in the School Activities is heart-warming.

We are immensely delighted to bring forth the new edition of Fortnightly E-Newsletter. Your creativity and concern regarding school activities are equally welcoming. We are equally enthusiastic to be there for you in terms of bringing your literary and artwork to showcase your talent to the world to see and appreciate.

. We strongly believe that we will not only make the planet good for our children, rather, we will make our children ready and capable of making our planet the best place to live in the whole universe.

Every single step count when you want to take a giant leap. Therefore, let's begin with our little effort. **Don't wait for the change, instead be the change.** It is gladdening that you are active participant and not passive passer-by. Let's find out new ways to showcase your talent and concerns and in this journey, we, every member of Dr G.L. Dutta DAV Public School is here with you all.

Let's join hands together to achieve the excellence in all spheres of life.

Congratulations and keep up with the fine works of yours and STAY SAFE.

*When you focus on the good,  
The good gets better*

**CCA IN SCHOOL EDUCATION**  
**BY- S K DAS, SR PRT**

---

**CCA has vital importance in school education. The all-round development of student is only possible when the school management pays equal importance to academics as well as CCA (Co- curricular activity). When the former is very important for the evaluation of knowledge of student while later boosts confidence and makes them all-rounder, up to date, fit for every occasion in life and most importantly makes holistic mindset with positive temperament.**

**It is generally seen that highly qualified persons tremble with fear or try to avoid when have to address the captive and august assemblage. Despite of all good qualities they lack confidence and conversely those who had participated and utilized the platform of CCA in their school days take it as a child's play and their speech fall flat on the audience.**

**CCA drives out shyness and fills confidence, makes introvert to extrovert, provides a dais to worry for the common cause and teaches a group of students to work in group and in peers. It also promotes leadership quality and the interpersonal skill.**

**Several mediocre have attained the highest level of confidence and then they have tremendously improved in their academic performance.**

**CCA's importance has been highlighted manifold in the draft of New Education Policy (NEP 2020) in which evaluation of scholastic and non-scholastic both go simultaneously.**

**In my opinion for balance personality and emotional quotient it is the need of the hour that schools as well as parents understand the significance and encourage their wards to take in activities inside and outside the school .Most of the parents think that if their ward take part in such activities then it is wastage of time but it is their great illusion because during the interviews of All India Services in the name of personality test coaching institutes realise hefty amount for crash course but those who have participated in CCA during school days pass the interview with flying colours .**

**It's the common phenomenon that the children are always pressurised to give stress on their academics which is mostly based on their memory power but we must give emphasis on co- curricular activities also which ensure their positivity and make rationale in outlook. The recent step taken by CBSE in which evaluation will also incorporate CCA is a welcome step as these days we see art integration in almost every subject, is being given prominence by CBSE/NCERT.**

**Last but not the least CCA & academics are the two lungs of education system and it can't survive and flourish without them.**

## Ten lines about earth 🌍

1. Earth is the Only known planet supporting life in the solar system.
2. Earth Provide us air water food and shelter to life.
3. It is our responsibility to protect our Earth from pollution and global warming.
4. More than 7 billion people are currently residing on planet Earth.
5. Only 3% of the earth's water is freshwater.
6. The earth has only one natural satellite that is the moon.
7. The moon revolves around the earth.
8. On 22nd April 1970, the first "Earth Day " was celebrated in America.
9. Earth Day is observed every year on 22nd April, in order to protect our environment.
10. We must conserve the natural resources of the earth.

April 22nd is celebrated as the world Earth Day to demonstrate support for the protection of the environment and to raise public awareness about pollution since 1970 , more than 190 countries celebrate it every year.

The world Earth Day is celebrated worldwide to create awareness about the ever-increasing global warming, to inform public about the catastrophic effect it has on our daily lives and educate everyone about method to prevent and repair the damage that has been done till date.

Various burning issues related to climate change, constantly increasing sea level, depletion of ozone layer and ruthless deforestation are talked about in public on this day. Thanks for reading this.

Name - Shamarth vikram  
Class 6D

Earth Day is a day that is supposed to inspire more awareness and appreciation for the Earth's natural environment. It takes place each year on April 22. It now takes place in more than 193 countries around the world. On Earth Day we should give something to our mother land like we can plant trees. Trees are an important part of our survival on earth. But most of our country economy is dependent upon trees that are: Matchbox industries, paper industries, and rubber industries. The tree provides us with oxygen and makes our life possible on earth. Trees consume the carbon dioxide and provide us with food, shelter, home, money, medicines, and what not. Trees are also the source of rain for us as they attract clouds. Trees help in preventing pollution and keeps the environment fresh. If we imagine a world without trees, life is impossible. They are true friends of humanity. One

should act responsibly and should prevent the act of deforestation for the sake of personal motive. Therefore, we should save trees and honour them in order to save the environment and life.

# STUDENT LIFE

Ram and Mohan were studying in the college. Both were classmates as well as roommates in the hostel room. Ram was a studious boy but Mohan was an irresponsible and naughty boy and was not serious in studies. Ram studied regularly to get good marks in exams whereas Mohan was not serious in studies and used cheat in exam to get good marks.

Mohan scored good marks in exams by using cheat and he always said “Life is for fun and joy. I always pass with smart techniques”. He always used to tell Ram, “You should also enjoy your life like me”. But Ram never agreed with him.

After the completion of studies, the companies came in the college for campus selection Ram was a knowledgeable person and got selected by the campus recruitment but Mohan was neither a knowledgeable nor a skillful person. So, he couldn't get selected by the campus recruitment.

After the completion of college studies, Mohan also tried to get placed outside by his own effort but couldn't get placed. After that he took admission in other courses and got placed in low salary due to lower intellectual level

## Moral of story:

This is the story about the student life. It gives a moral lesson to all students who spend their valuable time in enjoying parties, movies, etc. and not serious in studies because every moment of student life is valuable and time must be utilized by the students in regular studies. Now-a-days, students think that student life is very easy and full of fun today especially college life of the students. But the future of students depends upon their achievements in student life because the students of today use smart ways to get good marks in examination. which is shown in my story.

## वीर कुँवर सिंह विजयोत्सव

1857 की क्रांति और वीरांगना लक्ष्मी बाई की बात करते हुए सुभद्रा चौहान लिखती हैं, सिंहासन हिल उठे राजवंशों ने भृकुटी तानी थी, बूढ़े भारत में भी आई फिर से नई जवानी थी. सुभद्रा कुमारी चौहान यहां पर बूढ़ा भारत कहकर अंतिम मुगलिया सम्राट बहादुर शाह जफर की ओर इशारा कर रही हैं. क्योंकि वह अशक्त हो चले थे, लेकिन क्रांतिकारियों के कहने पर अंग्रेजों के विरुद्ध ललकार भरी थी.

अंग्रेजों के छुड़ाए थे छक्केभले ही इतिहास क्रांति का केंद्र बहादुर शाह जफर को माने, लेकिन दिल्ली से बहुत दूर, बिहार में गंगा नदी के तट पर गंगापुत्र भीष्म के ही जैसा एक और बूढ़ा अंग्रेजों की ओर नंगी तलवार लेकर दौड़ पड़ा था. घावों से भरे शरीर वाला वह 80 साल का राजपूत जब जंगलों में युद्ध करता तो ऐसा लगता कि साक्षात् भैरव ने तांडव मचा दिया है. अंग्रेज सैनिक जिनके सामने टिक नहीं सके थे और जान बचाकर भागे थे, ऐसे रणबांकुरे थे वीर कुंवर सिंह.

बिहार के जगदीशपुर में हुआ  
जन्म वीर कुंवर सिंह का  
जन्म 13 नवंबर 1777 को  
बिहार के भोजपुर जिले के  
जगदीशपुर गांव में हुआ था.  
इनके पिता बाबू साहबजादा  
सिंह प्रसिद्ध शासक भोज के  
वंशजों में से थे.

गंगा में काटकर फेंक  
दिया हाथ

वे रीवा, आजमगढ़, बनारस, बलिया, गाजीपुर, गोरखपुर में अंग्रेजों को धूल चटाते रहे. भोजपुर और यूपी की सीमा पर पहुंचकर एक रोज वह गंगा पार कर रहे थे, इसी दौरान अंग्रेजों की गोली उनकी बांह में लग गई. कुंवर सिंह ने तुरंत अपना हाथ काटकर गंगा में समर्पित कर दिया. 80 साल का यह बूढ़ा भैरव इच्छामृत्यु पाए भीष्म पितामह की तरह लड़ता रहा. इसके बाद कुंवर सिंह ने एक बार फिर हिम्मत जुटाई और जगदीशपुर स्थित अपने किले को अंग्रेजों से मुक्त कराकर ही दम लिया.

इस रणबांकुरे ने जगदीशपुर किले से अंग्रेजों का 'यूनियन जैक' नाम का झंडा उतार कर फेंक और जगदीशपुर स्वतंत्र हो गया. इसी दिन की याद में बिहार ने वीर कुंवर सिंह विजयोत्सव मनाया जा रहा है. ऐतिहासिक दस्तावेजों के मुताबिक 26 अप्रैल 1858 को कुंवर सिंह इस धरा से विदा हो गए थे, लेकिन उनकी तलवार का डर ऐसा था कि अंग्रेज जगदीशपुर पर कब्जे का विचार कई महीनों तक नहीं ला सके थे.

## ईद उल फितर

ईद मुस्लिमों का एक महत्वपूर्ण त्योहार है। मुसलमानों के बारह महीनों में एक महीने का नाम रमजान है। रमजान का महीना बड़ा ही पवित्र माना जाता है। इस्लाम धर्म में पवित्र रमजान के पूरे महीने रोजे अर्थात् उपवास रखने के बाद नया चांद देखने के अवसर पर ईद-उल-फितर का त्योहार मनाया जाता है। यह रोजा तोड़ने के त्योहार के रूप में भी लोकप्रिय है।

यह त्योहार रमजान के अंत में मनाया जाता है। मुस्लिम धर्मावलंबियों के लिए यह अवसर भोज और आनंद का होता है। फितर शब्द अरबी के 'फतर' शब्द से बना। जिसका अर्थ होता है टूटना। फितर शब्द का एक अन्य अर्थ भी होता है जो फितरह शब्द से निकलता है। जिसका अर्थ होता है भीख। अन्य इस्लामी त्योहारों की तरह रमजान एक दिन विशेष पर नहीं आता है। यह इस्लामी कैलेंडर का नौवां महीना होता है। इस प्रकार यह पूरा माह ही त्योहारों की तरह होता है।

इबादत या प्रार्थना, भोजन और मेल-मिलाप इस त्योहार की प्रमुख विशेषता है। इस दिन की रस्मों में सुबह सबसे पहले नहाना, नए कपड़े पहनना, सुगंधित इत्र लगाना, ईदगाह जाने से पहले खजूर खाना आदि मुख्य हैं। आमतौर पर पुरुष सफेद कपड़े पहनते हैं। सफेद रंग पवित्रता और सादगी का प्रतीक है।

इस पवित्र दिन पर बड़ी संख्या में मुस्लिम अनुयायी सुबह जल्दी उठकर ईदगाह, जो ईद की विशेष प्रार्थना के लिए एक बड़ा खुला मैदान में इबादत ओर नमाज अदा करने के लिए इकट्ठे होते हैं। नमाज से पहले सभी अनुयायी कुरान में लिखे अनुसार, गरीबों को अनाज की नियत मात्रा दान देने की रस्म निभाते हैं। जिसे फितर देना कहा जाता है। फितर या एक धर्मार्थ उपहार है, जो रोजा तोड़ने के उपलब्ध में दी जाती है। इसके बाद इमाम द्वारा ईद की विशेष इबादत और दो रकत नमाज अदा करवाई जाती है। ईदगाह में नमाज की व्यवस्था इस त्योहार विशेष के लिए होती है। अन्य दिनों में नमाज मस्जिद में ही अदा की जाती है। ईद खुशी का दिन है। यह हमें मिल-जुलकर रहना सिखाती है।
