MENTOR'S CORNER.....

Dear Students,

We have just celebrated Krishna Janmashtami and Teachers' Day is on threshold. Lord Krishna, the eighth incarnation of Lord Vishnu is a true spiritual Guru that this universe has ever witnessed. Likewise, September 5th, the birthday of Dr. Sarvapalli Radhakrishnan is observed as Teachers' Day to honour all the teachers for their commitment to impart education and mould our future generation into responsible citizens.

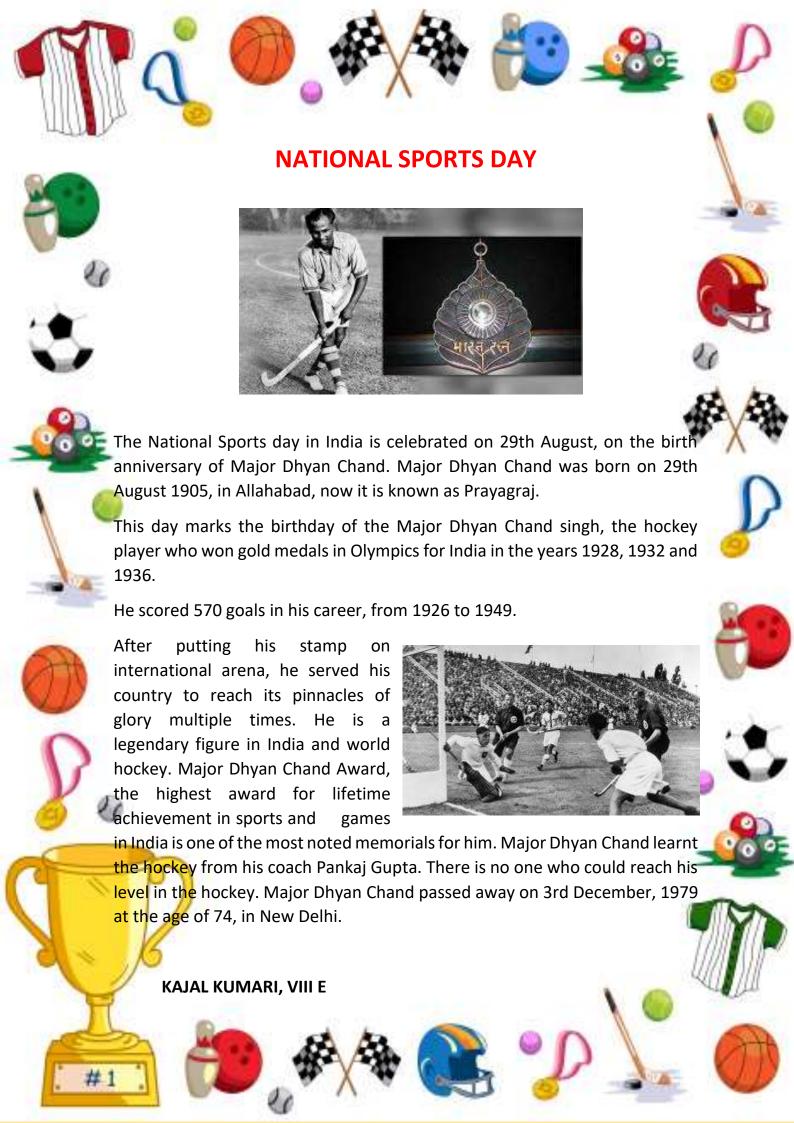

On Janmashtami, devotees keep fast, temples are decorated, bhajans and kirtans also take place. Children enjoy in the get up of lord Krishna and depict His life story. Lord Krishna reformed the spiritual and sequential destiny of mankind. In the battlefield of Kurukshetra, He enlightened Arjuna with His wisdom. He educated the world about devotion and dharma as well as the ultimate reality.

Dr. Sarvapalli Radhakrishnan (1888-1975), the second President of India, as a scholar and rationalist, was honoured with Bharat Ratna in 1954. He accepted that "Educators ought to be the best personalities in the nations". His book Indian Philosophy was hailed as philosophical, exemplary and perfect work of art. He looked to characterise, protect and proclaim his religion as Hinduism, Vedanta and the doctrine of spirit. Despite all his achievements, he remained a teacher throughout his life. Dr. Radhakrishnan aptly said — "When we think we know we cease to learn —Education is enlightenment of soul that dispels ignorance and illuminates the individual.

I appreciate the efforts and enthusiasm of the students in making valuable contributions in the form of various articles. The theme of paintings and sketches add colours to this issue. Dear students! Don't miss the opportunity to hone your creative skills.

Happy reading...

JANMASHTAMI

Janmashtami is a Hindu festival which is celebrated on the birth (janma) of the god Krishna on the eighth (ashtami) day of the dark fortnight in the month of Bhadrapada (August–September). The number eight has another significance in the Krishna legend that he is the eighth child of his mother, Devaki. This year, Janmashtami is celebrated on Monday, August 30, 2021.

This occasion is observed especially in Mathura and Vrindavan (Brindaban)where Krishna spent his childhood and early youth. On the preceding day, devotees keep a vigil and fast until midnight, the traditional hour of his birth. Then the image of Krishna is bathed in water and milk, dressed in new clothes the lord is worshipped. Temples and household shrines are decorated with leaves and flowers; sweetmeats are first offered to the god and then distributed as prasada (the god's leftovers, which carry his favour) to all the members of the household.

The devotees of Krishna commemorate the events of his birth by preparing elaborate representations of Mathura, where he was born, the Yamuna River, over which he was transported to safety, and Gokul (ancient Vraja), the scene of his childhood, using small images of the god, the other participants, and the animals and birds of the forest. Pots of milk are hung from tall poles in the streets, and men form human pyramids to reach and break the pots—this is imitation of Krishna's childhood play with the cowherd boys, when they stole the curds hung out of reach by their mothers. The festival is also a time for group singing and dancing.

SMALL INDUSTRY DAY

In India, Small Industry Day is celebrated on 30th of August every year to support and promote small industries for their overall growth and development in a year. The Small Industry Day is a medium to provide balance to existing small, medium and largescale enterprises. Countries are protective of civilization and culture through arts and our traditional goods are mostly produced by small industries and these are based on labour-intensive technology. This practice reinforces the spirit of mutual goodwill, equality and fraternity among the industries.

The main objective of small industries is to make optimum use of natural resources. They play an important role in the Indian economy and aim to produce the best. The second main objective is the equal distribution of economic power. Economic power is commercialized through the Cottage and Small Industries.

Thus, Small Industry Day is a big boost to Indian economy.

TEACHERS' DAY

We celebrate Teachers' Day on the fifth of September that is the birthday of India's former President, Dr Sarvepalli Radhakrishnan. Dr Radhakrishnan who served in many renowned universities was a teacher of great repute. The former President commanded respect far and wide. His students expressed their desire to celebrate his birthday all over the country. He told his students that he would feel better if they celebrated his birthday as Teachers' Day. From 1962, 5th September is celebrated as Teachers' Day.

Teachers play an important role in shaping a child into a good human being. We as the students should understand, what the importance of a teacher is, in our society. Students must respect teachers. Teachers have great significance on an individual's life. They help us, motivate us, and guide us to become the best version of ourselves. Teachers' day is one of the most memorable days in the life of a teacher and a student as well. Children do various things to celebrate and appreciate their teachers on this day.

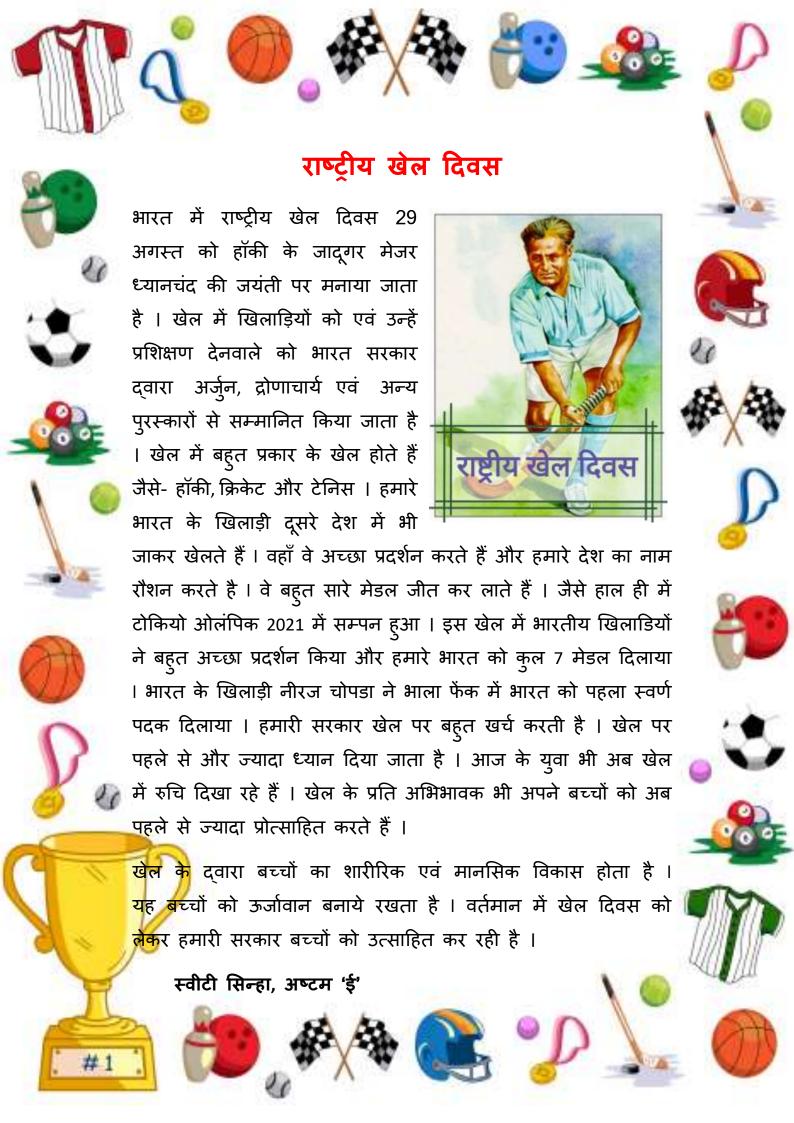

Every school has a different way of Teachers' Day celebrations. Impersonating the teachers by the students is one of the ways to celebrate the day. Students of the higher classes dress up like their favourite teachers. They put up skits for their teachers as well as go to different classes to teach subjects. It is one of the best parts of the Teacher's Day celebration. Students look forward to impersonating their teachers, and teachers look forward to seeing these skits. Students try their best to match the clothing of the teachers they are impersonating. The junior classes have to sit for classroom sessions taken by the senior students. It is different from regular teaching. Other students in the classroom do additional activities.

The way to celebrate Teacher's Day can be different but the sprit behind the celebration of the day is same. Students try to make their teachers feel special. This spirit mustn't die. We should ever be grateful to them. Thank you, teachers. RAUNAK BHARADWAJ, VIII D

THANK YOU, TEACHERS

Dear teachers, of whole world,
You are being the sweetest;
You love us, you treat us,
Like children of your own;
You teach us, you guide us,
For our bright future;
You inspire us, motivate us;
With the knowledge of yours;
You enlighten us, empower us,
For choosing the path of truth;
You seold us, you slap us,
To correct us to be upright
You are our idol, you are our preacher,
Thanks a lot for being
My dear teacher!!

शिक्षक दिवस

यूँ तो गुरु किसी दिवस का मोहताज नहीं है, परंत् उनके कार्यों तथा योगदान को सम्मानित करने हेत् शिक्षक दिवस का अपना ही एक विशेष महत्व है। भारत में शिक्षक दिवस ५ सितम्बर को हमारे पूर्व राष्ट्रपति डॉ. सर्वपल्ली राधाकृष्णन के जन्मदिवस पर मनाया जाता है।

'ग्रु' वह शब्द है, जिसे परिभाषित करना आसन नहीं है। गुरु की महिमा को शब्दों के माया जाल से पूर्णरूप से अभिव्यक्त नहीं किया जा सकता, क्योंकि ग्र का साथ जीवन की श्रुआत से लेकर अंत तक का होता है। वह चाहे माता-पिता के रूप में हो, शिक्षक के रूप में हो या अध्यात्मिक गुरु के रूप में हो। हमारे शास्त्रों में भी गुरु को ईश्वर से आगे रखा गया है।

जैसा कि कहा गया है :-

ग्र गोविन्द दोउ खड़े, काके लागू पाय।

बलिहारी ग्र आपने, गोविन्द दियो बताय ॥

अर्थात:- यदि हमारे सामने ग्रु और गोविन्द दोनों खड़े हो जाएँ, तब भी हमें अपने ग्रु के चरण को पहले स्पर्श करना चाहिए।

ग्र हमें अंधकार से उजाले की ओर ले जाते हैं | ग्र हमें जीवन पथ पर चलने का सही मार्ग दिखाते हैं। गुरु निःस्वार्थ भाव से हमें ज्ञान से सराबोर कर देते हैं।

वे हमें अपनी मंजिल को पाने तथा अपने सपनों को पूरा करने में सहायक होते हैं।

कबीरदास जी ने कहा है :-

"कबीरा ते नर अंध है, गुरु को कहते और।

हरि रूठे गुरु ठौर है, गुरु रूठे नहीं ठौर।"

अर्थात:- वे लोग अंधे हैं जो गुरु को पराया समझ कर उनका अपमान करते हैं। भगवान के नाराज़ होने पर तो हमें गुरु का सहारा मिल जाता है परंतु गुरु के नाराज होने पर हमें किसी का सहारा नहीं मिलता।

अतः अंत में यही कहा जा सकता है कि
गुरु को सिर राखिये, चितये आज्ञा माहीं।
कहै कबीर ता दास को, तीन लोकों भय नाहीं॥
अर्थात:- कबीरदास जी कहते हैं कि गुरु की आज्ञा को सिर आँखों पर रखकर
पालन करना चाहिए। ऐसे भक्त को तीनों लोक में कहीं कोई भय नहीं है।

हमारे गुरु

हमें पढ़ना सिखाया, लिखना सिखाया, सिखाया जीवन का हर ज्ञान, हमारे सपनों को दिया जिसने पहचान ।

कभी डाँटा, कभी प्यार से समझाया, कभी हँसाया, तो कभी रुलाया, लेकिन हर बच्चे को प्यार से अपने दिलों में बसाया।

मान भी मिला, सम्मान भी मिला, ज्ञान भी मिला अभिमान भी मिला, गुरुजी के आशीर्वाद से ही, जीवन का सही मुकाम है मिला ।
